

THE BLAIRMORE ENTERPRISE

VOL. XVII, NO. 32.

THE BLAIRMORE ENTERPRISE,

THURSDAY, AUGUST 12, 1926.

\$2.00 PER ANNUM

McKAY—DERBYSHIRE

A pretty wedding was solemnized in St. Mary's church, North Lethbridge, on Saturday afternoon, when Nora, younger daughter of Mr. and Mrs. J. W. Derbyshire, of Coleman, Alberta, and Frederick Harold, youngest son of Angus McKay, of Medicine Hat, Alberta, were united in marriage. The officiating clergy-

man was the Rev. W. T. H. Cripps, and the ceremony was witnessed by Mr. and Mrs. N. D. Smith, of Lethbridge, Mrs. Smith being a sister of the bride. The bride was charmingly gowned in capri blue georgette, with hat to match, and carried a lovely bouquet of Ophelia roses. Mr. and Mrs. McKay will reside in Blairmore after a short honeymoon.

ELKS' CARNIVAL A HOWLER

The second annual carnival to be staged by the Blairmore Elks at the local arena on Thursday, Friday and Saturday, surpassed every expectation. From start to finish there was a rush of patronage and pleasure, people coming in from all parts of the district from Fern's on the west to Pincher Creek and Macleod on the east.

The committee and boys in charge of the various booths stayed with it and each and all attracted a full share of the trade. The blanket and bathrobe booths and the house-houses seemed to be the chief centres of interest, the former taking in for the three nights a total of \$1017.00. The whole arena was well laid out with the various booths and each booth was tastefully decorated, lending a pleasing and inviting appearance, adding greatly to the carnival spirit. Credit is due each and every member of the various booths for the decorative schemes, the work done and the spirit with which the carnival was carried to such a successful climax at midnight on Saturday.

The refreshment and lunch stalls were in charge of wives of Elks and were well patronized.

The dancing pavilion was kept busy every hour and the music was perfect. Nightly prizes of \$10 were awarded and the draw for the major prizes took place on Saturday night in the presence of a packed house of probably four thousand people. The draw was under the supervision of Rev. Father Moriarty and Exalted Ruler Gillis, and resulted as follows:

First prize, \$500 government bond, drawn by Miss Jean Gray, won by Nick Oswald, Blairmore, ticket No. 2400. Seller of ticket, N. Oswald, special prize of \$25.00.

Second prize, \$200 bond, drawn by little Miss Nicholson, won by Harold Pinkney, Blairmore, ticket 1826. Seller of ticket, R. Gray, special prize of \$15.00.

Third prize, \$100 bond, won by Felix Levesque, McEwen's Mill, ticket No. 2213. Seller of ticket, A. M. Burnett, special prizes of \$10.00.

The drawing for the Shetland pony and colt was won by little Donald Gillis.

Nightly prizes—Thursday, C. J. Tompkins, Blairmore, ticket No. 1612; Friday, Mrs. Culbertson, Hillcrest, ticket No. 1218; Saturday, N. Oswald, Blairmore, ticket No. 43.

Prize for the best dressed booth was awarded to W. Barnard, "Ma Ma Dolls," \$50.00 gold.

The total receipts of the carnival are in the neighborhood of \$7500.00. The net proceeds will be used for charitable or other community purposes.

An attractive electric sign, the handiwork of Messrs. Morency, Pruden, MacKay, Vejprava, Lornie and Crayford is deserving particular mention. The immense sign was erected at the corner of Fifth Avenue and Dearborn Street and carried with alternating current the Elks' colors in the words "Elks' Carnival." The background was of black and the zinc lettering was as attractive by day as by night.

We sent samples of invitations to a young high school graduate priced at \$20.00 for the first 100 and \$3.75 for each additional 50. He sent an order in return for 50 invitations and enclosed \$3.75 in payment. We wrote that it was impossible to supply any invitations at that price, as this was for the additional 50 only after the first 100 was engraved. He replied: "I do not want the first 100; send me the additional 50, or refund my money."

Now is the time to preserve pears, peaches and prunes.

LOCAL MINERS' PICNIC ON WEDNESDAY NEXT

The local Union No. 1, of Blairmore, are holding a monster picnic on the athletic grounds, which has been kindly loaned by the coal company, on Wednesday, August 18th, commencing at one o'clock. The West Canadian band will be in attendance all the afternoon. All children are requested to be at the school grounds at one o'clock sharp to parade to the field. Although the picnic is under the auspices of the local miners, all the kiddies, old and young, from McLaren's Mill to Frank, are cordially invited.

Foot races will be held during the afternoon, any child from age 4 to 15 can compete in these races. A free lunch and refreshment ticket will be distributed to all children at the school grounds. Everybody come and bring your cups. (Further information can be had from T. J. Williams, secretary.)

ENTER YOUR ESTIMATE IT MAY BE WORTH \$2500

Almost every human being is a natural born forecaster. Whether it concerns the weather, the winner of the Derby, or the next litter of kittens, most people like to make a prediction. An election is invariably the occasion for many and varied calculations and the coming contest is no exception. In this connection our readers of The Blairmore Enterprise will have an unique opportunity in estimating the total number of votes which will be polled in all Canada.

Realizing the public interest in the event, The Family Herald and Weekly Star, of Montreal, has organized an "Election Contest" in which prizes to a total of Five Thousand Dollars are offered for the correct or nearest to correct estimates of the number of votes to be cast in the next General Federal Elections. Someone will win a small fortune in this contest. We hope it will be an Enterprise reader. There are ninety-nine prizes in all. For further details read the announcement elsewhere in this issue.

BELLEVUE FISH AND GAME PROTECTIVE ASSOCIATION

The annual outing of the Bellevue Fish and Game Protective Association will be held at the North Fork river on Sunday, the 15th, when all members will have the privilege of taking part in a fishing competition. Prizes will be awarded for the three heaviest baskets of fish caught within the time specified—10 a.m. to 4 p.m.

There will be special prizes as follows: For the heaviest speckled trout (cut throat), the heaviest pool trout (Dolly Varden) and the heaviest grayling.

Members wishing to compete must be at the campsite known as the Nick Rowe place, just beyond the Hog's Back, on the south side of the river, at least ten minutes before starting time.

All are urged to join the outing and bring along their sweethearts, wives and kids.

WATERTON BAND CONCERT HAD TO BE POSTPONED

Owing to the inclement weather of last week end, the band concert scheduled to have been given at Waterton Lakes on Sunday last by the West Canadian Collieries' band had to be postponed, and weather permitting, will be given on Sunday next instead.

Some Colemanites are protesting against the action of police in stopping a piper from playing his instrument on the station platform on the night of July 30th.

JURY RETURNS VERDICT OF ACCIDENTAL DEATH

The inquest into the death of Frank Kovach concluded on Thursday afternoon before Coroner Dr. J. Olivier. August Kovach, father of the victim, and Joseph Kovach and Mrs. Mary Ostapuk, brother and sister, respectively; Harry Carney, a chum; Dr. Rose, who performed a post-mortem examination; Bob Mitchell, Pete Comisso and the driver and fireman of train 68, were the witnesses examined.

Mr. D. G. Mackenzie, of Gillis & Mackenzie, represented Mr. Kovach, while Charles H. Powell and associates, of the legal department of the C.P.R., represented that company.

After hearing the evidence, the jury were regularly charged and retired, returning in about ten minutes with the following verdict: "That Frank Kovach came to his death on the night of Thursday, July 29th, at about 11.30 p.m., by being accidentally struck by a train."

Kovach's watch was produced in evidence, showing a missing crystal and the hands stopped at 11.22.

Mr. and Mrs. Donald McLennan wish to thank those who kindly sent flowers to their daughter, Mary, at the local hospital, during her illness.

Now is the time to preserve pears, peaches and prunes.

ELKS' CONVENTION NAMES OFFICERS

VANCOUVER, B.C., Aug. 9.—Cal. Royal S. Barrill, D.S.O., of Winnipeg, was re-elected for a third term as grand exalted ruler of the Benevolent and Protective Order of Elks of Canada and Newfoundland, at the final grand lodge session of the order. E. E. Hand, of Vancouver, received the next highest office by being elected grand leading knight. Hamilton, Ontario, was selected as the convention city for 1927.

Other officers of the grand lodge are: Loyal knight, Gerald Sims, Ottawa; lecturing knight, Sinclair Elliott, Saskatoon; inner guard, Dr. J. J. Hamelin, North Battleford; Tyler, Roy J. Whittaker, Kenora; secretary, J. Alexander Killagworth, St. Thomas; treasurer, Sam Savage, Calgary; esquire, Kenneth W. Kincaid, Vernon; chaplain, Andrew L. Hall, Regina; trustees, Charles A. Ward, Toronto (four years); Archie Scott, Vancouver (two years); chairman of judiciary committee, A. J. Costigan, Winnipeg.

The local lodge was represented at the convention by Bro. W. L. Huston, lodge chaplain.

Donald R. Melvor, former general merchant of Cowley, now in prosperous business at Stettin, will contest the Camrose riding as a Liberal candidate in the forthcoming election.

WORLD HAPPENINGS
BRIEFLY TOLD

William Edwin Atkinson, A.R.C.A., the distinguished Canadian landscape painter, died recently in Toronto.

Canada's wheat crop for 1936 is estimated at 1,645,000 bushels. Last year it was 411,276,000 bushels.

One thousand and sixty-nine settlers entered Winnipeg recently on three trains. They came from the Old Country and the continent.

Commandant Franco announces that he will undertake his previously planned world flight next year, leaving Spain in April, accompanied by his wife and by Mechanic Rada.

Seven hundred persons died in New York city from poison liquor last year, said J. W. Quillen, chief chemist of the bureau of internal revenue, in issuing a warning against drinking bootleg whiskey.

Testimony at the trial of fifty men accused of treason in Ankara has revealed that Turkey was forced into the world war by Enver Pasha, despite the wishes of a majority of the cabinet which stood against this step.

John Henry Meares, whose record for encircling the globe was broken by Linton Wells and Edward S. Evans, will make another attempt to lower the record, according to reports. Meares leaves New York soon on his new attempt.

A statement made public by the department of immigration and colonization shows that there was an increase of 65 per cent. in immigration to Canada during the first five months of the calendar year 1936, compared with the same period a year ago.

Sheriff Colin Inkster, celebrated his 83rd birthday recently in Winnipeg, and received congratulations from all parts of Canada. "I think I should live to 100," he said. He has been sheriff more than 50 years and is the only surviving member of the legislative council of Manitoba.

Three passengers were killed when the basket dropped from a captive balloon at Kempton, near Bedford, Eng. The accident was caused by the gas bag breaking loose from its netting, releasing the basket and the four passengers, only one escaped with his life.

Rt. Hon. John X. Merriman, M.P., one of South Africa's leading statesmen, died Aug. 3 in Cape Town. He was born in Somersetshire, England, in 1841, and went to South Africa in 1849. He was premier and treasurer of the South African Government in 1908-10.

States Are United
Against Russian Reds

British Have Completed Ring From Egypt to China

Following a conference of the chiefs of the secret services of all the British dominions, just concluded in London, the British colonial and India offices feel assured that with the exception of Turkey and Hindustan the whole southern part of Russia is encircled by a series of states determined to oppose attempts to spread red propaganda.

These states, it is announced, are united in a continuous, unbroken offensive from Egypt to India and China. It is further announced that Sir Charles Tegart, Calcutta police chief, has been appointed to head the propaganda section of Scotland Yard for the next five years.

In Egypt, the governor of Sudan, who is most friendly with the extremists, quit when he was faced with strong opposition and England now is prepared to withstand red propaganda there. In Hedjaz, Sultan Ibn Saud has turned down all offers from his northern neighbors. Mesopotamia is unwilling to tolerate any interference from the propagandists.

To Wipe Out Debt

Belgium Surrenders State Railways to Private Owners

Surrendering her state railways to private ownership in an effort to wipe out the national floating debt, Belgium, in peace as in war, is assuming the lead for sacrifices among the countries of continental Europe whose finances are in a precarious condition. The holders of treasury bonds have been ordered by King Albert in his position as financial director to exchange them for preferred stock of the National Railroad Company, which has taken over the state railways.

No Hurry

Negro called at hospital—"I came to see how much I'm worth. I'm worth nothing."

Nurse—"Why he's getting along fine; he's convalescing now."

Negro—"Well, I'll just sit down and wait till he's through."

Canadian Show in New York

Canadian Mayors Invited to Visit N.Y. During Canadian Show

Following a meeting of the executive and general committees of the Canadian Exposition, held at the Hotel McAlpin headquarters in New York, Henry E. Coleman, executive chairman of the exposition, announced that plans had been made to bring the mayors of virtually every Canadian city to New York on a special train, for the exposition opening in January, 1937. Other detailed plans of the exposition, which will be housed in the Manhattan Opera House beginning Jan. 14, were made also, following the meeting.

Arthur L. Lee, managing director of the McAlpin, who attended the meeting, stated that several floors of the hotel would be set aside to entertain the Canadian officials, and that a considerable part of the hotel would be given over to guests here for the big show. He will have special decorations, with the Maple Leaf of Canada predominating, and special entertainments have been arranged, one each in honor of every province of the Dominion.

Among the mayors expected to come here are: The Honorable Thomas Foster of Toronto; M. Martin of Montreal, and the chief executives of Quebec, Winnipeg, Vancouver, Ottawa, and other principal cities. It is planned to have their special train met by a delegation of city and state officials, and Mayor Walker will welcome the visitors. A special committee was sent to Canada within the week, by the exposition officers, and are now engaged in arranging various details from the Canadian end.

Already the search of "Miss Canada" has begun north of the Dominion line, and the young woman selected as the fairest in the Dominion will be entertained while in New York by the new "Miss America," who will be selected at the annual contest in Atlantic City.

Every form of Canadian activity will be displayed and will be represented by exhibits at the show.

Autumn Tournament At Jasper

Golf Week Organized For Sept. 11 to 18 at Canada's Largest National Playground

Announcement is made of the list of events to be held during the first annual autumn tournament on the Jasper Park Lodge Golf Links from Sept. 11 to 18 inclusive. Invitations are being extended by the committee in charge to all golf clubs on the continent, and the interest shown in the tournament to date would indicate that it will be a really international competition. It is understood that the trophies and prizes will be unique and of such value that they will be highly prized by winners.

In making entries, golfers are requested to give full name, club membership and address, and to send their entry as early as possible by post or telegraph to C. L. Weidner, assistant secretary of tournament committee, Jasper Park Lodge, Jasper, Alberta.

Other sports available at Jasper during golf week will include, tennis, swimming, riding, hiking, mountain climbing and motorizing, while arrangements can be made for fishing and hunting trips from the lodge to districts outside the park.

Making Yokohama Beautiful

Reconstruction After Great Earthquake Is Being Rapidly Completed

"Yokohama, Japan, will be a new city when the work of reconstruction after the great earthquake is completed," said Mr. Marshall Martin, a resident of that city who was in Canada enroute to Montreal thence to England. He will return to Japan this autumn. "The work of reconstruction is about one-third completed," he said, "and the work of surveying and planning is finished. Wider streets will be built, and modern buildings and facilities will make Yokohama one of the most delightful cities in the world."

To Salvage Camera

Equipment Lost In Lake As Result Of Aeroplane Wreck

Frank Stewardson, a Port William diver, has been engaged by the Dominion forestry service to salvage the camera and other instruments which lie at the bottom of Kaskashew Lake, as a result of the wreck of the aeroplane in July 22. The instruments are said to lie in 54 feet of water, and Mr. Stewardson is taking out his diver's suit and assistants. He has little doubt that he can descend to that depth and recover the lost articles. It is said that it would take several months to duplicate the lost camera.

Between eight and nine hundred languages and dialects are in use among the natives of Africa.

The Charm of Soft Fabric

New frocks are soft and fluffy with flowered materials and flares. The frock presented here is sure to take the eye of the males and little women. First, because of its arresting simplicity of line, and second, because of the loveliness of its material. A wide ribbon sash is tied at the low waistline, where rippling skirt folds slender bodice. The bodice neck is finished with a narrow binding of the same plain material as the flaring sleeves. No. 1254 is in sizes 16, 18, and 20 years. Size 18 years (35 bust) requires 4 1/2 yards 36-inch figured crepe, and 3/4 yard plain georgette for the sash. Price 20 cents.

The secret of distinctive dress lies in good taste rather than in lavish expenditure of money. Every woman should want to make her own clothes, and the home dressmaker will find the designs illustrated in our new Fashion Book to be practical and simple, yet maintaining the spirit of the latest in the moment. Price of the book 10 cents the copy.

The Canadian Legion

Charter of Incorporation Has Been Granted By Letters Patent

Letters patent incorporating "The Canadian Legion of the British Empire Service League" have been issued by the secretary of state, according to an announcement sent out by legion headquarters. Through the charter of incorporation the legion is empowered to "establish, organize and regulate provincial, district and local bodies or commands and branches, in convenient centres throughout Canada and elsewhere," and to establish parallel organizations to be known as ladies' auxiliaries.

The charter of incorporation gives legal effect to the work of the legion, which has been proceeding among Canadian veterans' organizations since the visit of Field Marshal Earl Haig, grand president of the British Empire Service League, to Canada last year. The original intention of the legion was to seek a royal charter by special act of parliament, but the dissolution of parliament made it necessary to alter this proposal. Application then was made for a charter under the Companies Act.

To Exhibit At U. S. Fair

Alberta To Be Represented At Big State Fair At Sioux City, Iowa

Alberta is to be represented at one of the big state fairs across the line this year, arrangements being now under way for an extensive exhibit at Sioux City, Iowa, where the states of Iowa, South Dakota and Nebraska will hold their annual inter-state fair during the period of August 13 to August 18. The exhibit will be prepared at once, and will be made up of grains and grasses, both sheaf and threshed; coal, tar, sand and illustrative material. It will be shown in the government building, which is the best location for it has been promised on the fair grounds.

Condensed Milk Absolutely Pure

Value of Condensed Milk As A Guardian of Health

The value of condensed milk as a guardian of health was curiously demonstrated by an item in the London Daily Mail recently, one sentence in the article reading:

"The complete replacement of fresh milk by condensed milk has notably reduced tuberculosis."

The story had to do with the activities of the London Zoological Society and was reporting on the health of the animals. Many animals, especially those with cloven hooves, were liable to epidemics of bovine tuberculosis. The antelopes seemed to die of nothing else. Yet they lived under very good conditions and were given generous daily drenchings of milk. Then the fresh milk was cut off and the tinned variety substituted. A marked improvement followed and tubercle has been stamped out in the antelope paddocks. The Borden Company Limited, who put up Eagle Brand condensed milk, have long advocated it as an infant food on the ground of its being absolutely pure as well as uniform. This incident would seem to bear out the statement that, save for formulae of milk, there is no milk so safe for the infant as Eagle Brand.

East African Country Has Evil Reputation

The fact that only five names figure upon the map of Lake Edward in East Africa—Isolates specks in the white blank of the unknown, testifies to its remoteness and evil reputation. The name of the country is Changu, in which the natives of Bankola are famed as cannibals: The "Changu" sell their teeth to a point. They are all-on evil terms with their neighbors. Large tracts of country have been wholly depopulated by raids of cannibal peoples from the northwest. Dark Forest game-tracks. Off the beaten track only a compass can save one. For over ten years the plains on the eastern and southern shores of Lake Edward have been closed and deserted by reason of sleeping sickness and the tsetse fly. In the plains are the little pools of Kikulu, unmarked in any map, with its islands of floating pyrus.

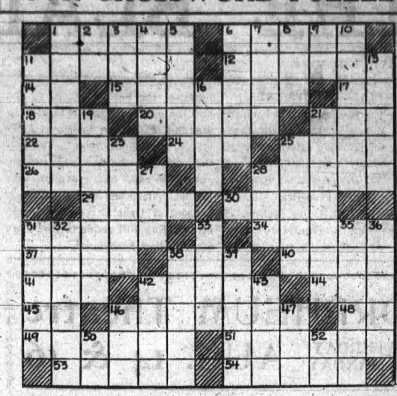

Memorial Tablet At Zebrugg

To the gallant exploit of British sailors in 1918, a tablet on the Mole at Zebrugg, was unveiled by Prince Charles, the second son of King Albert of Belgium. Mrs. Gibbs, mother of the commander who lost his life in the raid on the Mole, placed flowers beneath the tablet.

Linking Empire By Radio

The new broadcast radio transmitters connecting London with Canada and South Africa will be put in operation about May 1, according to reports received by the department of commerce. It is expected that the Australian and Indian circuits will be ready by July.

OUR CROSSWORD PUZZLE

- | | | |
|------------------------------|---------------------------------------|---|

SUNDAY SCHOOL LESSON

AUGUST 15

JETHRO'S WISE COUNSEL.

Golden Text: To each one his work.

Mark 12:34.

Lesson: Exodus 18:1-7.

Devotional Reading: Psalm 106:1-5.

Explanations and Comments

Jethro's Counsel, verses 12-25. Jethro, Moses' father-in-law (called Reuel in Ex. 2:18), observed the way in which Moses' entire day was consumed in answering inquiries, settling disputes, making known God's laws. Matthew Henry reminds us that when a quarrel happened in Egypt and Moses would have reconciled the contending parties, they asked, "Who made thee a prince and a judge?" but now it was past dispute that God had made him one and they humbly admitted him whom they had then proudly rejected.

"What is this thing that thou doest to the people? Why sittest thou thyself alone, and all the people stand about thee from morning unto evening?" Jethro questioned, after he had watched Moses sitting in judgment.

"Because the people came to me to inquire of God," Moses answered. They regarded Moses as God's representative, prophet, or mouthpiece. When they had a matter in dispute, they came to Moses to settle it. "I judge between a man and his neighbor, and I make them know the statutes of God, and his laws," said Moses. "Statutes were definite rules, sternly directed and permanent. Laws were directions, or pronouncements, delivered as special circumstances required them" (Dr. S. R. Driver). "The thing that thou dost is not good," said Jethro to his son-in-law. "There may be over-doing even in well-doing" (Matthew Henry).

Value Of Water Power

Rapid Development of Use of Water Power Has Effect on Coal Industry

One of the most important causes which contribute to the present serious situation in the colliery industry, is the rapid development of the use of water power. Little attention has been given to this means of power production, and, according to advice received by Bankers' Trust Company of New York from its British Information Service, while in 1920 Europe was using 23,000,000 h.p. by the end of 1925 and today more than 35,000,000 h.p. are being used. This was necessitated by the fact that the world output of coal has remained stationary for the past three or four years at about 1,250,000,000 tons a year, while the demand for heat and power have been increasing steadily. Some of the advantages of water power are the very small wear and tear, maintenance and labor costs, and absence of dust, smoke, ashes and cinders.

Italian Immigrants Arrive

Among a total of 576 third-class travelers who were landed at Quebec recently, off the steamship Anania, was a party of 150 Italian immigrants, the largest single group of this nationality to be landed at Quebec this year. They will be employed on the land in Ontario, the prairie provinces and British Columbia. The remainder of the third-class passengers on the liner consisted largely of Poles, Hungarians and other central Europeans, all on their way to the western provinces.

Now, said the master during the reading lesson, "can any of you tell me the meaning of 'divers' diseases?"

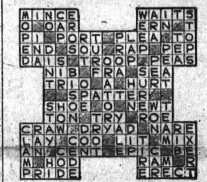

"Yes, sir," said Tommy, "divers' diseases is water on the brain."

Sutor—"I'm in love with your daughter, sir."

Her Dad—"What are your prospects?"

Sutor—"Fine! She's accepted me."

Answer to Last Week's Puzzle

Splendid Safety Record

On Canadian National

Congratulations From Workmen's Compensation Board of Manitoba

Sir Henry Thornton, president of the Canadian National Railways, is the recipient of a letter of congratulation from the commissioner of the Workmen's Compensation Board of Manitoba in which high praise is accorded the safety measures practiced by the company and its employees.

Chas. K. Newcombe, the commissioner, writes from the office of the board in Winnipeg to Sir Henry: "We have just completed a check of accidents reported for six months ended June 30, 1935, and I wish to congratulate the Canadian National Railways upon the excellent showing made."

"The accidents reported to this office by the Canadian National Railways during the six months ending June 30, 1935, numbered 1,084, three of these being fatalities. During the corresponding period of 1934 this total was reduced to 872. During the six months ending June 30, 1936, 778 accidents were reported. This would seem to indicate a very gratifying state of affairs—especially as our records show an increasing accident frequency in all other classifications save one—and the Manitoba Compensation Board wishes to congratulate those in charge of safety work upon your system."

Slidings Named

Slidings Named. The new Turfcoast southern branch of the Canadian National Railways have been named as follows: Hartwell, Loring, Fairholme, Glaslyn, Robinson, Medstead, Glenash, Bournemouth and Rabbit Lake.

"Swat the fly" with GILLETT'S LYE

A teaspoonful of Gillett's Lye sprinkled in the Garbage Can prevents flies breeding

Strange, Romantic Love Adventures of the Flapper you know

by H.L. GATES
Copyright 1925 by H.L. GATES
Published by arrangement with First National Pictures, Inc.

CHAPTER XI.—Continued.

"Shall we begin with Roddy?" Brandon asked, and they did. Joanna sought him out on the floor as Brandon explained him—drawing for her a curious picture of a vaster—but a picture she classified as of a romantic titer in a colorful domain.

A bachelor lodge at Palm Beach where he was host to that company of women whose husbands labor at home for the money with which their wives blossom gorgeously and recklessly beneath the Florida palms, and make their plays at Bailey's, America's great gambling rooms; a woer of debutantes whose names shone golden in the parlous of society, and the amused dabbler among the studio motifs of New York's Greenwich Village—a specimen in England, where he hunted, occasionally, with the hounds of a country lord, and a beautiful patron of all the beauty and the bizarre that is France.

"A woman need never fear of being seen with her Roddy in attendance upon her," Brandon added to his general description. "His affairs are so many no one keeps track of them or becomes interested in a new one. He adds just the proper perspective to any young woman's background, and to be admired by Roddy is a cachet of extremely romantic worthiness."

"But his business—doesn't he really do anything?" Joanna wanted to know.

"He's of a family, you know. Inherited money. I believe he would explain that it is the duty of heirs who can't to help to pay the price of their pleasures. That keeps him moderately fond of youth—young youth, such as yours, or seasoned youth, such as Yvonne's."

THIS WOMAN NOW WELL

Her Suffering Relieved and Health Restored by Lydia E. Pinkham's Vegetable Compound

Toronto, Ontario.—"I am certainly very grateful for the benefit I have received from Lydia E. Pinkham's Vegetable Compound, and the Sarsaparilla, Wash and the Liver Pills. In the early spring I was suffering so much from loss of blood that I thought I would never be any better than doctor's medicine relieved me. I saw the Vegetable Compound advertised in the Toronto Star, and I find the Vegetable Compound Tablets the best for me. I have been taking them since Spring, and I intend keeping them by me all the time. After reading your Private Text-Book I saw it was necessary to use Lydia E. Pinkham's Sarsaparilla, Wash, and I can safely say I feel a different woman. My friends remark how well I look. I am a very busy woman, but I am ready at all times to boost your medicine. Mrs. CHARLES GIFFIN, 949 Lansdowne Avenue, Toronto, Ontario. You may be having an experience similar to Mrs. Giffin's and will be interested to know what she did. Every sick woman can feel confident that Lydia E. Pinkham's Vegetable Compound will help her, since we are told that it does help 98 out of every 100 women who take it. Sold by druggists everywhere. O. W. N. U. 1641

A Wonderful Camera

More Wonderful in Some Ways Than the Human Body

There is a camera in London which is capable of recording pictures at the rate of 300,000 a minute. Strange that man can make machines more wonderful in some ways than the human body. The human eye, in comparison with the camera, cannot receive more than thirty impressions in a second. The new camera is 150 times as fast. Let a vase be blown up by a charge of powder and this speedy camera will take a picture of the explosion which will show the particles of the vase being blown from the centre.

Shall we not have a camera's some day which will detect the madly whirling atoms and electrons? Shall we not have a machine which will show us what the scientists already know—that matter is force?

When we have learned to use atoms energy the atom age will seem as out of date as the stone age—Grove Patterson in Duluth Herald.

Joanna regarded him with her defenses quivering at her finger tips. "Of course they would—some would," she indignantly agreed. "People are always finding fault if you are not just like they are, or like they think you ought to be. What is one's life for, if not to be enjoyed?"

"And having a good time isn't necessarily being wrong about it, you know, is it?"

He met her plea for understanding promptly. "I can imagine no better bargain than unfeigned conscience allied with an unhampered pursuit of one's own desires, and old-fashioned critics be hanged!"

"Well," Joanna considered, "that sounds as if you mean that I have the right idea about things, so I suppose it's all right. Anyhow I don't see why people can't say their prayers with a smile as well as they can with a frown!"

To that sentiment, Brandon responded, "I suggest another cocktail." He produced Kentworth's silver flask from under a serviette and filled her glass. She smiled across at him, while she sipped, and felt that she had put up another good battle for the rights of youth.

When Kentworth and Yvonne were again at the table Kentworth begged Joanna to tell him "if Brandon wrapped me in scandal and delivered me as a broken idiot" while they were dancing.

"That is something I shall have to consider," Joanna returned. "He told me you were not at all dangerous, or at least he gave me that impression. I should be at all afraid of you." "And that is both a promise and a challenge. I accept both!"

Joanna's pulses raced when Yvonne proposed to her that she come to her own place and make it her home. "For a drink anyway. You will want to be going away from your old home—where, you know, and I shall love to have you with me—as long as you wish."

What Kentworth had said flashed across her mind, his prediction of just this invitation. She fancied that she caught a flicker of his eyelids when she glanced at him. For one brief instant the vision of John framed itself among her thoughts, but it faded quickly when she had shaken her head. A little, to drive it away. Any thought of John had become unpleasant. It aroused defiance inside of her, rebelliousness. Always when he appeared in her mind, she saw herself, first, going up to him, her face lifted, her lips held pleadingly, for the greeting that had been so customary between them. This sort of vision hurt, though. The phrase that ran so often across her brain would come back—You'd like that, wouldn't you? This time it was the thought of John coming to her and finding her with Yvonne. There was something about that which wasn't right. So she gave that little shake of the head and drove John away.

(To be continued)

Ancients Built Largest Statue

No Other Has Equalled the Colossus of Rhodes

The ancients still hold the record in some departments. For instance, the great pyramids of Egypt have never been equalled either in size or the weight of material used. It has been surmised that the delta of the Nile was so uniformly flat that the ancient Egyptians, seeing mountains in neighboring lands, determined to build structures "mountain high."

No statue at present standing in any part of the world can compare for sheer size with the Colossus of Rhodes. It was long believed that this mighty statue of brass bestrided the mouth of the Mediterranean island's harbor, and that ships in full sail passed through its knees; but this is not now thought to be true. Even Shakespeare says, in "Julius Caesar": "He could stride the narrow world like a Colossus." The statue stood 126 feet high, and one of its fingers was larger than a man. It was executed by Charles the First, and stood for fifty years, and was then thrown down by an earthquake.

Here Centuries Before Columbus Scientists recently discovered a mass of bones which, translated, reveal a knowledge of Olmec people, the Incas. The first white civilizations are said to have come to America 2,500 years ago, centuries before Columbus was born.

Wool From Northern B.C. There was shipped recent from Terrace in the Prince Rupert district half a ton of wool, the first that has passed through the hands of William G. Goodwin, of Kitimat, who was consigned to Kamloops.

Small Boy (to butter who has opened door in response to ring).—Please, sir, is this the fourth house from your left?

Interesting Facts In Government "Blue Book"

Official Report Issued Every Year by London Police

Every year, says a writer in a London paper, the police take a census of the number of habitual criminals at large. The last figures given in a government "Blue Book" just published, show that nearly three thousand persons regularly commit crimes for a living, over five hundred of these being women. There were also 341 houses of refuge for stolen goods "known to the police."

There are any number of interesting facts in the official reports. For instance, many people believe that the death sentence can be passed only on connection with murder. Actually, however, the sentence may be pronounced for treason, piracy, or for setting fire to a government ship or arsenal.

Legal crimes include such things as holding a person to a duel, or holding a political meeting without a certain distance of the Houses of Parliament.

There are all sorts of acts about the observance of Sunday still in force, though they are seldom or never carried out. Under a very old clause any person "travelling by boat" on a Sunday is liable to punishment, while there is an act just over three hundred years old that forbids anyone to leave his own parish on a Sunday to engage in "sports or pastimes" elsewhere.

Miller's Worm Powders are a prompt relief from the attacks of worms in children. They are powerful in their action and, while leaving nothing to be desired as a worm expellant, have an invigorating effect upon the youthful system, remedying fever, biliousness, loss of appetite, sleeplessness, and other ailments that follow disorders caused by worms in the stomach and bowels.

Wager Remains Unsettled

Princes Bet \$5 No One Would Recognize Him On Street

The Prince of Wales is looking for a sympathetic arbitrator to settle a bet.

Leaving his apartment at St. James' Palace for an evening out, a client who accompanied the prince, amazed with him because he could not go about unrecognized like ordinary people.

"I'll bet you \$5 nobody recognizes me between here and Trafalgar Square—about five blocks away," Wales replied.

The bet was taken. Wales and his friend walked three blocks without incident. Then a woman stared hard at Wales, and the friend claimed the bet.

"She didn't recognize me, or she would have been too polite to stare," Wales responded—and the bet remains unsettled.

Minard's Liniment for Dandruff

The young wife was busily playing her needles. "It's too bad," she complained to her husband, "the carolers say the tailor served this button on. This is the fifth time I've had to put it back for you."

HAD PIMPLES OVER A YEAR On Arms and Limbs. Lost Rest. Cuticura Healed.

"I was bothered with pimples for over a year which affected my arms and limbs. The pimples were rather large and itched and caused me to scratch, and I lost rest on account of the irritation."

A friend recommended Cuticura Soap and Ointment so I sent for a free sample. There was a difference after using it so I purchased more, and after using two boxes of Cuticura Ointment and three cakes of Cuticura Soap I was completely healed. How London Zoo Started

Natural History Enthusiasts Responsible For Present Valuable Collection

The London Zoological Society originally consisted of fifteen natural history enthusiasts, who met at regular intervals to discuss animals.

Eventually they decided to rent a site in Regent's Park, where fish could be reared, waterfowl bred, and a small menagerie of animals kept—the beginning of the zoo.

Today the collection numbers some thousands of animals, birds and other creatures—and is worth untold wealth.

The first animals to be brought from abroad by one of the Zoo's emissaries—who nowadays comb the world for specimens—were those captured in the Falkland Islands by a keeper named Lecomte.

When he returned with one seal lion, a wolf, a goose and two gulls, everyone was wild with excitement, and Lecomte became the hero of the hour.

The Zoo's first hippopotamus, a species of animal that has always been one of the biggest "draws," arrived in Regent's Park just three quarters of a century ago.

Music of the Elements

Orchestral Effect Produced By Wind Under Certain Conditions

We are so accustomed to man-made music that we seldom realize that the elements have ways of producing music of their own. In the Malay States there are fields of bamboo that in certain conditions make a volume of sound that from afar strikes the ear like the music of flutes.

The effect is caused by a small worm which bores holes in the bamboo stems; the wind, blowing through the holes, produces an astonishing variety of notes that sometimes blend in one great organ symphony.

Another form of outdoor orchestra is to be found on the Scottish coast, where the sand, in some districts, produces distinct musical notes when walked on or struck by a stick.

Capable, in certain circumstances, of making a yielding extremely pleasing musical effects, a fact realized by the ancient Greeks, who had a number of musical instruments operated solely by water. Certain North American tribes of Indians make music by tilting buffalo hides with water and beating them with sticks.

Little Helps For This Week

When I awake I am still with Thee. Ps. cxxix, 18.

Still, still with Thee when purple morning breaketh. When I awake and Thou art shadows flee; Fairer than morning, lovelier than the daylight.

Dawns the sweet consciousness, I am with Thee!—Hazen.

I would ever awake with God. My first thoughts are for Him, who hath made the night for rest and the day for work, and who hath blessed both.

If my heart be early seasoned with His presence, it will savor of Him all the day.

The Terror of Asthma comes like a thief in the night with its dreadful thrills, robbing victims of breath. It seems beyond the power of human aid to relieve until one trial is made of the remarkable preparation, Dr. J. D. Kellogg's Asthma Remedy. Then relief comes with a rush. Life becomes worth living, and, if the remedy be used persistently, the disease is put permanently to rest. Take no substitute.

His Majesty's Understudy

King George is Often Represented By A Deputy

Owing to the number of public and social engagements King George has to keep, it often becomes necessary for His Majesty to be represented by a deputy.

The man who represents the King, be he prince, peer, or commoner, becomes for the moment invested with kingly rank. He must be addressed as "Sir," no one must sit down in his presence, and he takes precedence over all others at whatever function he may attend on behalf of King George.

At all public functions attended by the King, a reception committee must be appointed to receive him, and the same ceremony must be accorded to the King's representative.

When attending any ceremony in London, the King's representative is provided with one of the royal carriages, but no outsiders are sent. Nor is he ever accompanied by a military guard, unless he is a member of the royal family.

You'll never acquire popularity by telling your neighbors how to do things.

Minard's Liniment for Corns and Warts

Woman Runs Paper Mill

Swedish Woman Has Handled Business Successfully For Years

A Swedish woman, who owns and successfully operates a pulp and paper mill in the northern part of Sweden, Panny Ulander Scharrin, was recently a visitor in Winnipeg on her way to Edmonton, where she hopes to persuade one of six sons to return home with her. Mrs. Scharrin was widowed in 1910, and has since headed her husband's business with an annual output of 150,000 tons of paper, which is sold in Sweden and England.

KEEP CHILDREN WELL DURING HOT WEATHER

Every mother knows how fatal the hot summer months are to small children. Cholera infantum, diarrhoea, dysentery, colic and stomach troubles are rife at this time and often a precious little life is lost after only a few hours illness. The mother who keeps Baby's Own Tablets in the house feels safe. The occasional use of the Tablets prevent stomach and bowel troubles, or if trouble comes suddenly—as it generally does—the Tablets will bring the baby safely through. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Not Harmful To Eyes

If you can read, write or do other work without straining your eyes, there is no harm in going to the movies, specialists in eye diseases say. Tests with 150 persons showed that those who suffered eye fatigue after watching a motion picture film, also became tired when doing other work that affected the vision, so that the movies were not responsible for the trouble.

Recognized as a leading specific for the destruction of worms, Mother Graves' Worm Extirminator has proved a boon to suffering children everywhere. It seldom fails.

Teacher.—"So you admit the unfortunate lad was carried to the pump and there drenched with water? Now, what part did you take in this disgraceful affair?"

Jones (meekly).—"The left leg, sir."

NO ROOM FOR THE KU KLUX IN CANADA

"The Ku Klux Klan may have been necessary in the days immediately after the slaves were given their freedom in the southern States but in the Dominion of Canada, under Canadian rule and British justice there is no room for it and we will send it back to where it began"—such was the statement of Rev. Andrew Roddan, Scottish preacher, speaking in Knox United church at Calgary on Sunday evening.

True Canadian societies are welcome, he said, and the Ku Klux Klan cannot be put out as a society, but the moment it takes the law into its own hands there is no place for it here.

THIS SHOULD CAUSE

ARGUMENT

Miss Martha Bates, and old-fashioned Kentucky mountain girl, with modern bobbed hair, walked up to the pulpit of Rev. Arle Brown, old-fashioned Kentucky Baptist preacher and slapped his face.

He had said that no virtuous woman would bob her hair.

Martha was sentenced to serve forty days and forty nights in jail for slapping a preacher. She served fifteen days and was then granted full pardon by Kentucky's governor, who remarked: "There are enough things in the Bible for preachers to talk transient trade is taxed we all have about without criticising women's to suffer through unfair competition."

dress!

Perhaps he has not noticed that the Bible also is interested in that subject. Women must have their heads covered, and hold their peace, a church. Isaiah would not have them "alking and mincing as they go." You learn in the last chapter of Proverbs that the virtuous woman's cloth is "silk and purple" and that "she maketh herself coverings of tapestry."

Female dress and manner: are important. They indicate character, or lack of it, and what women are in this generation the next generation will be—Ex.

BEYING AT HOME

We are in favor of buying at home. We have conscientiously and persistently advocated that doctrine for many months now. We believe it has borne fruit, too. But last week, a traveller or another kind arrived in Cardston. He was selling paper, stationery and printing supplies. That man is reported to have secured orders for a half car load of printing from the merchants and business men of Cardston. There is nothing in the printing department of business that The Cardston News cannot do for our local merchants and office men. Our prices are as low and often lower than these outside houses, because after all, they have the additional cost of paying a high-pressure salesman. It is the utmost folly for The News to be spending its time, space and money turning trade into the proper channels for home community building, and then starve to death (in a business sense) by having all printing orders filled by foreign or out-of-town houses. Surely, if it's printing, The News should be allowed to estimate on it at least.—Cardston News.

We feel like strongly endorsing the above sentiments, for the same outfit invaded our territory last week and carried off some little business at a time when we were considering our tax notice just received. Until the in the Bible for preachers to talk transient trade is taxed we all have about without criticising women's to suffer through unfair competition.

MAN! WILL YOU STAND FOR THIS?

The tears of man over woman's invasion of the barber shops are declared by beauty specialists to be of the genus crocodile. Because, they say, he is slipping around after hours, haunting feminine beauty parlors and paying unwilling operators more than do their women customers for every aid devised by the beauty culture profession. Mere man used \$8,000,000 worth of hair dye last year, with other items in proportion. Men were charged with spending more time and money on the appearance than ever before. They have found beauty aids a vast help in a business world which puts a premium on good appearances and youth. It is claimed. The barber shops of hair cuts, shaves and shins, his experts said, is a thing of the past. Tomorrow, it will be a masculine beauty parlor.—Ex.

Why Floorwalkers Often Go Co-Co

Floorwalker (to woman walking around in a seemingly trance): "What is it, please?"
Customer: "Is it necessary for me to tell you what I want?"

Floorwalker: "What department do you want?"
Customer: "I'm not an invalid, I guess I can find what I want."

Floorwalker: "Have you been waited upon?"
Customer: "If I was I wouldn't be standing around here like a fool."

Floorwalker (speaking to woman who is looking over waists): "Are you interested in waists, madam?"
Customer: "Oh no (sweetly), I think I want a pair of men's pajamas and thought maybe the stockboy put them here."

Floorwalker: "Nice day, isn't it?"
Customer: "I haven't seen the paper yet."

Floorwalker (to customer looking through scarfs): "May I help you find a scarf?"
Customer: "Who told you I wanted a scarf?"

Floorwalker (to customer who wishes to return hat for credit): "Did you try on this hat, madam?"
Customer: "No, I measured my head and then the hat and decided it wouldn't fit."

"Yes, sir," said Harry Weeks, "I'm teaching my boy thrift. Last week he wanted a radio and I told him to earn it. He worked in the garden and got two dollars and forty cents and then he ran errands to earn another sixty cents. Saturday last he borrowed the other eighty-seven dollars from his mother and bought the radio, which proves he's a chip off the old block."

J. H. Thomas, general secretary of the National Union of Railwaymen, is about to embark on a tour of Canada. Mr. Thomas was instrumental in ending the British general strike.

THIS AIN'T SWEDS

An exchange remarks: "The Elks and their wives are having a gay time in Vancouver."

Misses Fern Palmer and Janet Nicol were visitors with friends here over the week end.

Steel is now being laid on the new branch line of the C.P.R. from Cardston to Glenwood and the line will likely be complete for its 30-mile length in time to handle this year's crop.

Smith Brothers & Wilson, formerly of Lethbridge, but now of Vancouver, have been awarded the contract for building the new million and a half dollar hotel for the C.P.R. at Regina.

Sunday night's rainstorm came as a real Godsend. Creeks in this vicinity were unusually low and water supply for the town was at a minimum. Surrounding mountains were capped with snow on Monday morning.

We are in receipt of a splendid specimen of wheat from the farm of Mr. Tony Silviser, Parkland, Alberta. The bunch stands four and a half feet from the roots and the heads, well filled out, average three to four inches in length.

A rich individual of Newport, R.I., gets a separation from his wife on charges of cruelty sufficiently unusual to arouse interest. The lady asked her husband for \$100,000 and when he said no, she knelt down and prayed God to curse him. That would make any man nervous.

The address of George Coote, the U.F.A. candidate for Macleod and member of the riding since 1921, is one of the very best that has been delivered in the present campaign. It is well that he decided to be a candidate for re-election. It was a speech without prejudice and with courage. He criticized the King government where he believed it should be criticized. It is interesting to read that speech in conjunction with that of W. T. Lucas. Mr. Coote is a credit to the province—Alberta.

Mr. Ralph Perry has been endeavoring to secure sufficient applicants to obtain a charter for the formation here of a lodge of the L.O.O.M. Mr. A. J. Ingram, of Calgary, is the deputy grand regent. The Loyal Order of Moose is an international fraternal association consisting of more than twenty-five hundred units in the United States, Canada and throughout the English-speaking world, with an aggregate membership of more than six hundred and fifty thousand men and women. It is also endorsed by labor as an organization that is working in concord with it. Any man of the white race who is over twenty-one years of age can join for \$10.00. The monthly dues are \$3.75. Sick allowances of \$7.00 per week up to 13 weeks. Any man over fifty can become an associate member by paying half dues, which entitles him to an old age benefit. Anyone desirous of joining should get in touch with Mr. Perry. The new lodge will be organized on September 1st.

Winning New Customers

This ever-present task of the business man is one that Advertising can most efficiently perform.

Advertising in "The Enterprise" would carry any message you desire into every home in this community. It would spread the "news" about new merchandise, special sales or new store policies quickly and thoroughly.

Take a friendly interest in telling the "buyers" of this town what you have for sale that is of service to them and you will win new customers constantly.

PROGRESSIVE MERCHANTS ADVERTISE

Issued by Canadian Weekly Newspapers Association

\$5,000.00 IN CASH

For Readers of

The Blairmore Enterprise and The Family Herald and Weekly Star of Montreal

Arrangements have been completed whereby The Blairmore Enterprise and The Family Herald and Weekly Star will conduct an interesting contest in which ninety-nine cash prizes amounting to Five Thousand Dollars in all will be awarded.

The contest is simple and there are no strings on the prizes. Every reader has an equal chance. A general federal election will be held soon. At the last general election held on October 29, 1925, a total of 3,168,412 votes were polled. How many votes will be polled in the forthcoming election? Whoever estimates the correct or nearest to correct number wins the first prize of \$2,500.00 according to the special offer made below.

Prize List—A Total of Five Thousand Dollars

To the subscriber who sends the correct or nearest to correct estimate—the sum of Two Thousand Five Hundred Dollars	\$2,500.00
To the subscriber who sends the second nearest to correct estimate—the sum of One Thousand Dollars	1,000.00
To the subscriber who sends the third nearest to correct estimate—the sum of Five Hundred Dollars	500.00
To the subscriber who sends the fourth nearest to correct estimate—the sum of Two Hundred Dollars	200.00
To the subscribers who send the next ten nearest correct estimates—Twenty-Five Dollars each	250.00
To the subscribers who send the next twenty-five nearest correct estimates—Ten Dollars each	250.00
To the subscribers who send the next sixty nearest correct estimates—Five Dollars each	300.00

99 PRIZES IN ALL—A TOTAL OF

HOW TO ENTER THIS GREAT CONTEST

The subscription price of Canada's greatest national weekly, Family Herald and Weekly Star, is One Dollar a year. The subscription price of The Blairmore Enterprise is Two Dollars a year. We now offer a full year's subscription to

Both Papers for \$2.50

and each subscriber will be entitled to make TWO ESTIMATES in the Federal Election Contest. All subscription arrears due The Blairmore Enterprise must be paid up.

This contest is not a time-waster or a dollar-catcher. You get full value for your subscription and an opportunity to win a small fortune. The winner of the first prize in the last Election Contest was Mr. A. Williamson, of Prince Albert, Sask., who received \$2,500.00. Remember, there can be no juggling of figures, as the correct returns will be furnished by Government Officials after the contest has closed, and will be public property.

The contest will close before election day.

All orders and estimates for the above combination to be

The Smoothest Chevrolet in Chevrolet History!

for Economical Transportation

CF-118

CROWS' NEST PASS MOTORS
District Dealers
BLAIRMORE - ALBERTA

—that's why hundreds of thousands of owners are proclaiming today's Chevrolet the greatest achievement in Chevrolet history!

Into the field of low-priced cars, today's Chevrolet has brought exactly the slow-speed smoothness, exactly the vibrant moderation, exactly the freedom from high-speed vibration that have been the big reasons for the buying of multiple-cylinder cars.

Imagine loading up a hill in a loaded car—with the motor turning so easily that you are almost unconscious of its operation! You can in the smooth Chevrolet!

Imagine speeding at 40 or 50 miles an hour in a Coach or Sedan—and being able to talk without raising your voice above the conversational pitch. You can in the smooth Chevrolet!

And above all, imagine the satisfaction of enjoying such phenomenal qualities together with an amazing economy of operation. You do in the smooth Chevrolet!

Let us take you for a demonstration ride in the smoothest Chevrolet.

Multiple-Cylinder Performance with Chevrolet Economy

The smoothest Chevrolet in Chevrolet history is selling at the Lowest Price for which Chevrolet has ever been sold in Canada.

COWLEY HAPPENINGS

Elsie McKerral is a Calgary visitor.

L. M. Colvin and family are guests of Mrs. Latta.

Mrs. C. Stevens and children have returned to their ranch from a visit to the coast.

W. Orchard is renewing acquaintances while acting manager at the Royal Bank during Mr. Smith's illness.

Mrs. F. W. Hand, who has been on a tour of the west, left here for her home in Hamilton, Ontario, on Monday night.

M. G. Smith, manager of the Royal Bank, is doing well, following an appendicitis operation at the Van Harn hospital, Lethbridge.

Mr. and Mrs. H. D. Gerry left this week for Bowmanville, Ontario. Mrs. Gerry will go from there to spend the winter in England.

Gus Schambra, of North Fork, underwent a serious operation at the Holy Cross hospital in Calgary this week and is reported favorably progressing.

Another victim of the increasing scourge of appendicitis is Miss Allison Brockwell, who underwent an operation at Lethbridge on Wednesday. She is reported to be resting well.

Rain, varying from an inch to a half to three inches, fell throughout the district on Sunday night and Monday. It was very welcome, though late to benefit the early wheat.

Local and General Items

Alberta municipalities are asking for half of liquor profits.

Home: A place where some woman works fourteen hours a day.

Premier Meighen will address a public meeting at Fernie on Saturday.

Some women may have model husbands, but they are not all working models.

Many a lovesick youth finds out too late that there is a trim in "ma' trim'ony."

The big annual fair is on at Cardston this week end—Thursday, Friday and Saturday.

Mrs. Bruneau and daughter Edna, who have been guests at the home of Mr. and Mrs. H. H. Jenkins, have returned to their home at the coast. —Pincher Creek Echo.

Mr. W. S. Bosworth, who for the past twenty years has been purchasing agent for the International Coal & Coke Company at Coleman, has severed his connection with that company and left on Tuesday morning for Vancouver, where he takes up a new position. Mr. Bosworth has made many friends in Coleman and other Pass towns, who will regret his leaving.

An American exchange remarks: "Officers of the Leviathan deny that rum is sold on the ship. Perhaps it is not, but the temptation must be great for the stewards. They mix the cocktails and serve the drinks on that prohibition U.S.A. liner. No one will deny that passengers bring their alcoholic supplies on board; everybody on the ship sees the drinking done. Nothing is gained by adding hypocrisy to bootlegging. The rich in this country want alcohol, and get it. The poor are controlled to some extent, by high prices, but even they get bargain rates from men that re-distill denatured alcohol. They pay with their kidneys and with shorter life."

Local and General Items

A convention of Liberals will be held at Macleod tomorrow.

The regular fortnightly meeting of the town council will be held on Monday night next.

Golf may be simply a pastime for the aged, but it certainly does wonders for the vocabulary.

The two great needs of a sixteen-year-old girl are a mother who has sense, and a father who has name.

Mr. and Mrs. J. H. Bond are up from Monarch, spending part of the school vacation at the parental home.

Owing to the elephants stampeding at Cranbrook, the big show was not staged there and proceeded on to Spokane.

A guy considered himself clever in attempting to remove or destroy one of Blairmore's silent policemen, but in the opinion of sane citizens it's a fool trick.

A Nauston blacksmith is proud of his home garden, wherein he now has flourishing grape vines full of fruit, tomatoes and melons, all in ripened condition. The climate is surely changing to tropical.

Not from Blairmore: The Vancouver Daily Province of August the 6th carried the following item in its social column—"Mr. and Mrs. W. I. Huston are visiting in the city, guests at the Hotel Vancouver."

Throttle men of the C.P.R. did not mind occasionally running over a rabbit or a squirrel or a grouper on the tracks, but now they have to be ever on the alert for the jungle elephants.

The three yeggs who attempted to hold up and rob the Royal Bank branch at Winnipeg were sentenced to a total of thirty-four years' imprisonment and an aggregate of 120 lashes. That's the medicine that should count.

A Regina lady bank clerk of eight years' standing, is charged with arson and theft, she having confessed to setting fire to the bank's records and stealing a sum of money and afterwards reporting to the authorities that a holdup had taken place.

"Vimy" the adopted canine friend of Mr. and Mrs. J. S. Stevenson, proprietor of the Cosmopolitan hotel, died at Calgary on Monday morning. Vimy was of Danish ancestry, aged nine years, eleven months, four days, seven hours and two and a half minutes.

In the old days people would seat themselves in a leisurely manner and write lengthy epistles to each other. Today they dash around the corner to a shop and gasp: "I want a card to send to my grandmother on her 73th birthday!"—Or, "Gimme a card to send to my cousin who has just been vaccinated!"

Miss Edna M. Fulton, who spent the past few months in Portland and other southern points, has returned and is now with her sister, Mrs. H. C. Morrison, at Cowley. At the opening of the fall school term, Miss Fulton will have charge of a class in the Hillcrest school, relieving Miss Seilen, who is holidaying in Nova Scotia.

One day a man entered a bookstore and hastily selected a birthday card. He returned the next day and indignantly demanded of the clerk why he had been sold a card addressed to "Sweetheart." The clerk, surprised, said, "Why that is what you selected." This customer replied: "Well, it won't do at all. I want a verse for my wife's mother."

Miss Clara Bell Barrett, public school teacher of New Rochelle, N.Y., honored her country. She didn't swim the English Channel, but she did keep on swimming for twenty-one hours, covering forty miles, falling in her attempt by only two miles. She swam through fog and swam on lost in the fog accompanying her got lost in the fog.

Local and General Items

The C.N.R. will build a 500-room hotel in Vancouver.

Miss Sarah McAndrew is home from Calgary on a visit to her parents.

Seven parts of virtue consists in the knowledge that the neighbors are watching.

The local lodge of Pythian Sisters will hold their annual bazaar on or about November 17th.

Geo. Sangster was confined to his bed for seventeen hours following receipt of the news of Vimy's death.

The big fair started at Cardston this morning with a street parade headed by Blood Indians in full regalia.

Cardston C.P.R. station is to be moved to a new site, the change is made necessary by the new branch line of the U.I.D.

Harry Lunney, K.C., has been chosen Liberal candidate to oppose R. B. Bennett, Conservative, in West Calgary. It's a Buenos fight.

Pincher Creek's annual fair, took place on Tuesday and Wednesday of this week and was most successful. The attendance was the largest yet.

Miss Mary Sartoris, a pupil of St. Mary's Convent, Calgary, made a very commendable average in her examination in Grade XI and passed unconditionally.

Jimmy Stone says the Charleston is about the only thing that can be accomplished without brains. And the beauty of it is, once a person gets the craze there's no need for music.

Harry Gates, junior, who some time ago lost a foot in the McGillivray mine at Coleman, has donned an artificial member that seems to be working well.

The marriage of Miss Dorothy Lillian Derrett, eldest daughter of Mr. and Mrs. F. T. Edwards, of Pincher Creek, to Mr. James Herbert McCarthy, of Edmonton, took place at Edmonton on August the 3rd.

Mr. and Mrs. Harold Scott, formerly of Blairmore, but now connected with the Calgary Brewing Company's agency at Medicine Hat, passed through Blairmore on Monday on a holiday motor trip to the coast.

The Blairmore Board of School Trustees will sit as a Court of Revision at the office of the secretary-treasurer this afternoon at 4 o'clock, when appeals against the assessment for 1936 will be considered.

Because the public were abusing the privilege, Pincher Creek's telephone staff have been requested to not give the time to enquirers. May be alright as far as the non-subscribing public are concerned, but better consideration is due subscribers.

Nearly two thousand delegates attended the fourteenth annual convention of the Benevolent and Protective Order of Elks of Canada and Newfoundland, held at Vancouver last week. Visiting Elks were right royally entertained by the city members.

At a Conservative convention held in Macleod last week, John Herro, of Pincher Creek, was chosen candidate to contest the riding in the forthcoming federal election. Mr. Herro carried a large vote in the Pass last year against Mr. Coote, but was defeated on the prairie.

The rapid growth of the national herd of buffalo in the national park at Watnwright forces the government to seek other means of reducing the herds to proportions that are within the grazing capacity of the park than that of shipping them to the wood bison range in the vicinity of Fort Smith. It has been decided to dispose of an additional 2000 animals on the hoof, by tender, the understanding being that any animals so purchased will be slaughtered and the meat and hides disposed of by sale on the public market.

Local and General Items

On a good ear of corn one encounters no detours.

The Coldstream Guards' Band will be at Lethbridge on Tuesday next.

Miss Edna Fisher has returned from a visit to Portland, Oregon.

An addition has been built to the rear of St. Anne's presbytery by C. H. Ericson.

"Bill" Kerr, of Kerr Brothers, Bellevue, has invested in a new Dodge Sedan De Luxe.

For the sterilizing of paper money, a Chicago man has invented a cabinet in which germs are electrocuted.

Two ladies walked into Trono's with a request to hear sacred phonograph records. He played the "Hallelujah Chorus," whereupon one of the ladies, painfully surprised, called his attention to the fact that it was not jazz that she wanted to hear.

Milo B. Huffman has been transferred from Lethbridge to Regina as assistant manager of the Metropolitan Life Assurance Co. Mr. Huffman is a son of Mr. Bert Huffman, and formerly of The Enterprise's staff.

A number of buildings were destroyed by fire at Natal on Thursday last, which threatened the entire town. Those destroyed included the Northern hotel, Beech's garage and residence, Fisher's hay barn, telephone office and post office. Beech was one of the heaviest losers, being only slightly covered by insurance.

When the elephants broke loose and entered the tall timber in the vicinity of Cranbrook last week, they were attacked by a couple of Canadian gophers and very much beaten up. These small creatures from I.D.A. should remember that Canadian wild animals are always to be reckoned with.

Local and General Items

Gertrude Ederle successfully swam the English Channel last week.

Five lives were lost when the British submarine H-29 sank in the Darnley basin.

Several men were injured in attempting to capture the elephant's near Cranbrook.

Hon. G. H. Boivin died suddenly in a Philadelphia hospital, following an operation for appendicitis.

A daughter was born to Mr. and Mrs. William Oliver on Saturday, July 31st.

Mrs. Bulman, of Claresholm, has been the guest of Mrs. Chaput during the week.

Miss Tilney and Mrs. Follis, of Lethbridge, were holiday guests at the Greenhill hotel during the week.

Mr. J. S. Stevenson was called to Calgary on Saturday last, owing to the serious illness of Vimy.

Everyone enjoyed the Selfie's circus. The show throughout was clean and entertaining, the work of the famous Ward family being the greatest feature.

Why Many Homes Are Damp Inside

Builders agree that the dryness of a building depends largely on the insulating powers of its sheathing paper.

Hercules is the only building paper which offers 100 per cent. protection against winds and dampness. Its hard protective surface is obtained by using an exclusive coating preparation that is absolutely inviolable.

The reduced heating expenses more than offset the slight extra cost of Hercules

There Isn't Time

Preparing for a brief holiday at a summer cottage on one of our lovely Western lakes, the writer of this column tossed a few old magazines in his grip wherewith to pass a idle hour while loitering under the trees. Glancing through one of these his eye was caught by an article appearing under the heading which appears at the top of this column.

How often are people heard to exclaim, "I haven't time," or "There isn't time," uttered by way of excuse for not doing something which ought to be done. And how often are they heard to exclaim, "I haven't time," uttered by way of excuse for not doing something which ought to be done. And how often are they heard to exclaim, "I haven't time," uttered by way of excuse for not doing something which ought to be done.

But on the other hand, it is perfectly true that "there isn't time" for many things upon which, nevertheless, countless people expend an enormous amount of very valuable time, resulting in pure waste.

Time may appear long and slow of movement when measured by centuries and the history of nations, but it is fast and fleeting when gauged by the life of individuals. Men who have lived long and very active lives filled with noteworthy achievements have at the close of their careers expressed their regrets in the words, "So much to do, so little time."

Time, coupled with good health, is the most precious of gifts to mankind. Because the span of human life is brief, every moment should be put to the best possible use. Sufficient of it should be devoted to healthful pursuits and invigorating exercise and recreation in order that the body may be kept strong and physically fit to keep the mind alert and active and the body capable of the work it may be called upon to do. Only so can the best use be made of all the time allotted to the individual.

But, let it be repeated and emphasized, there isn't time in even the longest life for anything. Sorrow comes to all, at some time or other, but "there isn't time" to waste in brooding over one's sorrow and losses. To do so merely means to further shorten life.

There isn't time in this life for worry. Worry kills. It accomplishes nothing, but is wholly destructive and undermining. It is right, proper and altogether sensible and prudent to take thought of and for the future, but many people confuse this desirable trait with needless, senseless worry.

Life is too brief to hunt for grief, for there are no flowers. Hurt may be today by what friends or others say about us. We may be misjudged, our actions misrepresented, our words distorted. We may be maligned, slandered, and made the victims of false rumor. These things cut and hurt, but "there isn't time" to let them long ago. Along with them there are also many things to make us happy and glad, and we need all the time there is for the bright and joyous things of life.

Life is too short for thoughts of malice, hatred and revenge. Wrongs may be inflicted upon us, but by pursuing the even tenor of our ways, the mouth of the slanderer will be closed and his evil words effectually answered. "Life isn't long, just time for song and love, and things sublime. Be not concerned with thoughts that burn. Good friends, there isn't time. People there are who are busy in this life getting everything out of it, which seems to them all important and worthwhile that they can find no time to think of and prepare for a future life in which we all believe, while there are others so absorbed with thoughts of that future life that they become neglectful of the duties and responsibilities of this life and their obligations to others, and lead narrow, selfish lives in a continual atmosphere of gloom. Both are wrong. There isn't time for such misconceptions of the true meaning of life.

It would, for most of us, be time well spent if once in a while in the quiet of an evening hour we made a mental inventory of our days, and weeks, and months, and carefully classified under appropriate headings the use being made of the time allotted to us. Are we using this precious inheritance, which once neglected is immediately gone never to return, for the improvement of our minds, an increase in our talents and powers, and devoting all the best of which we are capable for the advancement of our age and race? Or are we wasting precious hours and days on matters and things for which, after all, nobody really has any time to spare?

Plans For British

Cruiser Disappear

Navy Has Been Keeping Details Of

Plans for the British cruiser Suffolk have been kept secret.

Plans for the British cruiser Suffolk have been kept secret. The Suffolk is under construction at the Portsmouth navy yard and details of her armament have been one of the secrets of the navy. The disappearance of the Suffolk plans recall that plans of the submarine K-2 recently were stolen.

It spoils the effect when a man keeps angry during a religious argument.

The business of the palmist is along various lines.

The Qu'Appelle Diocesan School For Girls

REGINA SASK.

WHAT IS IT?

This is a boarding school for girls conducted by the Church of England in the diocese of Regina, Saskatchewan. It is situated on the banks of the Qu'Appelle river, and is a beautiful and healthy place.

WHAT DOES IT DO?

It provides for the education of girls from the age of 10 to 18. It offers a course of instruction in English, French, Latin, Greek, History, Geography, Science, Art, Music, and Physical Education. It also provides for the education of girls from the age of 10 to 18.

ARE YOU INTERESTED?—If so, write for particulars to the HEAD MISTRESS.

Big Family Of Settlers

Family From Minnesota Settle in the Humboldt District

Mr. and Mrs. John A. Stundbeck, from Minnesota, have recently settled in the Humboldt district with nine children ranging in age from two to 19 years.

They bought 900 acres of farm land in this district and came with several thousand dollars in cash and effects and farm equipment valued at \$3,500. They made the trip from their home in Minnesota in a motor car and motor truck on which was built a house large enough to hold the big family, which is the modern style of covered wagon or prairie schooner in which settlers of today make their migrations. In the old days the ox or mule-drawn covered wagon took days or weeks to cover long distances, whereas now the motor driven prairie schooner makes the journey in hours or days.

Has Radio-Equipped Car

The League of Nations assembly has a specially constructed radio-equipped Pullman car for emergency use. This car is to be used to take members to troubled areas in time of need.

Exports High

Exports from Canada to Australia rose in March to the exceptional value of \$2,495,752, of which about half was for automobiles and parts.

A tame elephant eats more than one thousand pounds of green fodder and twenty-five pounds of unhusked rice daily.

It has been in use for over 80 years; its action is pleasant, rapid, reliable and effective, and relief comes promptly.

"Don't accept a substitute." The genuine is put up only by the E. J. Fowler's Ltd., Limited, Toronto, Ont.

Minard's Liniment for insect bites

Take Over Elevators

Saskatchewan Wheat Pool the Greatest Wheat Handling Organization in the World

Elevators of the Saskatchewan Co-operative Elevator Company, Ltd., recently came under the management of Saskatchewan Wheat Pool, making the greatest wheat handling organization in the world.

The first payment of \$1,000,000 was made by the pool to the company by certified cheque. The pool previously had made a deposit of \$500,000 just prior to the meeting of the directors and shareholders of the company in April when decision to sell the company's elevators and holdings was reached.

The total amount to be paid for the elevator system of the Saskatchewan Co-operative Elevator Co., Ltd., by the Saskatchewan Wheat Pool Elevators, Ltd., is \$1,059,310.47 under the terms of the award handed down by a majority of the board of arbitrators.

Agony Of Lumbago

Quickly Soothed Away By "Nerviline"

For the sharp, piercing pain of Lumbago, and the torturing attacks of Rheumatism, no liniment is so efficient, so quick to bring comfort and relief as good old "Nerviline." This wonderful liniment penetrates through the tissues very quickly, sinks at once to the core of the pain, draws the blood from the congested area, and thereby relieves the pain in a short time. Those who suffer from stiff joints, swellings and Rheumatic conditions should use Nerviline, the King of Pain destroyers. Get Nerviline to day, 25c at all dealers.

Heard a Language

The call of the cricket is really a language, it is said to have been proved by a recent experiment when a female cricket was made to call through a telephone, whereupon a male insect at the other end of the line became excited on hearing the note.

RETAIN YOUR VIGOR

This Can Only Be Done by Keeping the Blood Rich and Red

If you would retain your vigor and ambition, keep your blood and nerves in good condition. Anemia, or thin blood, lowers the vitality, starves the nerves and causes a general run-down condition. When the blood is thin the skin loses its color, the shoulders droop and weight is lost. The victim of anemic blood, appetite suffers from indigestion, headache and sleeplessness, and is nervous and exhausted after slight exertion.

If you have any of these symptoms do not delay but begin treatment now with Dr. Williams' Pink Pills and you will be gratified with the improvement in your condition. Among the thousands who have found new health through the use of this medicine is Mrs. Herbert Nagle, Ludlow, N.H., who says: "I had not been feeling well for some time and was gradually growing weaker. I would take dizzy spells and often faint. I was subject to severe headache and found it hard to do my work. I took Dr. Williams' medicine for some time, but it did me no good, and I was still growing weaker. In this condition I began the use of Dr. Williams' Pink Pills and in a short time found the medicine helping me. I continued the use of the pills for a while longer, and found that the trouble that had bothered me was gone and I was once more a well woman."

Get Dr. Williams' Pink Pills at your drugist's or write The Dr. Williams' Medicine Co., Brockville, Ont., and the pills will be sent post paid at 50 cents a box.

Regina Building Permits

Building permits issued in Regina for the first half of 1926 amounted in value to \$1,725,619 as compared with \$907,466, for the corresponding period last year.

Several Chinese generals have issued edicts imposing the death penalty on any soldier found smoking opium.

For COLIC AND CRAMPS PAINS IN THE STOMACH There's Nothing Equals

DE FOWLER'S EXTRACT OF WILD STRAWBERRY

It has been in use for over 80 years; its action is pleasant, rapid, reliable and effective, and relief comes promptly.

Minard's Liniment for insect bites

Turkish Women Are Efficient

Great Work Being Done By Them in Constantinople

Illusions regarding women have been broken right and left during the last few years. The final blow, however, comes from Kathryn Newell Adams, president of the Constantinople Women's College.

Miss Adams, who was in the United States for the summer holidays said that Turkish women have an extremely active suffrage society, are clearing the streets of Constantinople from beggars, cleaning up the red light districts in the city, actively campaigning for prohibition, organizing trade schools for children, using the mosques as community centres, organizing mothers' clubs, clinics, milk stations, child health centres, and managing hospitals, where beggars who are found on the streets are taken and taught an honest trade. In other words, Turkish women are not the clinging vines, lacking all administrative ability and energy, that western nations have pictured them to be.

The Empire's Food Supply

Faced With Shortage Britain Would Have to Depend on Dominions

The power of the dominions to feed only two-fifths of its people from its own resources, it is fairly obvious that a world shortage in food would hit Great Britain first and hardest.

Great Britain's hope of escape from the worst consequences could only be in the empire. Yet what measures have been taken to ensure that empire resources should be at her command in any such dire development? Australian and South African opportunities in beef are neglected in favor of forestry supplies. West Indian sugar has been victimized by foreign—and inferior—produce, and even Canadian wheat finds its way to the United States while the United States exports to us—London United Empire.

Armless Artist Wins Honors

Work of Japanese Girl Sold For Large Sum

A Japanese girl, handicapped by the loss of both arms, but possessed of great courage, astonished Tokio art circles by carrying off the honors of the "Perseus" School exhibition. Holding specially constructed brushes between her teeth, Miss Yonoko Yamaguchi, the armless artist, had for several years painted oil, the decorative crafts worn by all Japanese women. Some of her work at the exhibit sold for as much as \$500. Miss Yamaguchi was to have been a geisha girl. After she had learned the samisen and graceful dances which please the Japanese, her father, a poor man, one night her father suddenly became insane, killed her five brothers and sisters and cut off her arms.

England's Strongest Man

Blacksmith Bends Steel Bars and Easily Lifts Great Weights

J. C. Price, of Gloucester, England, is known as "the strong man of the west."

He bends a four-inch horseshoe nail double with his hands, and holding a bar of horseshoe steel in his teeth he takes one end in each hand and bends the bar into a loop. Recently he lifted 420 pounds of iron from the ground to his knee. Price has been a blacksmith for 30 years. He is 43 years old. His height is 5 feet 10 inches and he weighs 225 pounds. He has a chest measurement of 50 inches.

At Bids Pain Begone.—When neuralgia strikes the nerves on the nape of the neck the back is the time to test the virtues of Dr. Thomas' Eclectic Oil. Well rubbed in will still the pain and produce a sensation of ease and rest. A trial of it will establish faith in it.

Rumania's Queen Economizes

Has Adopted Peasant Dress Excepting On State Occasions

Queen Marie of Rumania, in the interest of economy and serviceability, has adopted Rumanian peasant dress. Only at court ceremonial or elaborate state occasions does she wear European silks or satins. Even while riding in the streets of Bucharest she may be seen any day attired in the picturesque hand embroidered linen costume of the peasant woman, with designs worked in gold, red or blue thread, with a flowing kerchief wound around her head, a bright red and white in leather apron, and red leather boots.

Wins Bucking Contest

A fifteen-year-old boy, Jack Cooper, of Calgary, riding a horse aptly named "Dynamic," won the Major Fred Brewster challenge trophy in the bucking horse contest of the first annual show of the Jasper Horsemen's Association held on the Henry House Flats in the Athabasca Valley.

Keep Minard's Liniment handy

Cover on thee, little pest! Filthy fly, unwelcome guest!

NO need to tolerate a single fly in your house. Fly kills flies.

Fly spray clears your home in a few minutes of disease-bearing flies and mosquitoes. It is clean, safe and easy to use.

Kills All Household Insects

Fly spray also destroys bed bugs, roaches and ants. It reaches out the cracks and crevices where they hide and breed, and destroys insects and their eggs. Spray Fly on your garments. Fly kills moths and their larvae which eat holes. Extensive tests showed that Fly spray did not stain the most delicate fabrics.

Fly is the result of exhaustive research by expert entomologists and chemists. It is harmless to mankind. Fly has replaced the old methods because it kills all the insects—and does it quickly. Get a Fly can and sprayer today.

STANDARD OIL CO. (NEW JERSEY)

Distributed in Canada by Fred J. Whitlow & Co., Toronto.

Ultra-Violet Rays

Research Work Commenced on the Power of Invisible Rays to Produce Vitamines

The power of the invisible ultra-violet rays to produce different vitamins and degrees of brightness in different materials has been vividly illustrated to New York theatre audiences, because this power has been used for some of the most brilliant theatrical effects in recent years.

Costumes white or dull in color under ordinary light are made to blaze and gleam with many hues under ultra-violet rays.

These specialties were based on the researches of Professor R. W. Wood, of Johns Hopkins University.

By flooding the members of the Association for Advancement of Science with ultra-violet rays in 1921 he gave the first exhibition of the odd effects since popularized on the stage.

Ultra-violet rays have since been used widely in deciphering palimpsests, or twice-written manuscripts.

In the last year research has been concentrated on the power of ultra-violet rays to produce vitamins.

Fon Scalds and Burns.—Dr. Thomas' Eclectic Oil

Eclectic Oil is a standard remedy for the prompt treatment of scalds and burns. Its healing power quickly soothes the pain and aids a speedy recovery from the injury. It is also an excellent remedy for all manner of cuts, bruises and sprains, as well as for relieving the pain arising from inflammation of various kinds. A bottle in the house and stable saves many a doctor's and veterinarian's fee.

"Fable For Dentists"

"Doctor," said the patient to the dentist, "I haven't a single decent excuse to offer for neglect of my teeth."

He had plenty of time to spare to have them attended to, no sickness in my family or press of business to keep me away from your office, and no lack of money to pay for the work. The truth is, I am just a plain, miserable coward."—Life.

Where Men Are Barred

Brighton is the proud possessor of the first flats in all England built exclusively for women. The first block was dedicated by Lady Emmott. Each flat is self-contained, and the occupant may have children or a woman companion—but no husbands, or anything of the kind. The rent averages about \$175 a week.

LAPORTE AND BUREAU GIVEN A CLEAN SLATE

Quebec—Hon. Ernest Laporte, former minister of justice, and Hon. Jacques Bureau, former minister of customs, were declared innocent of any charges of their having taken part in a "joy ride" on board the customs steamer Margaret, at a special inquiry opened before Sir Francis Lacombe, R. L. Calder, government counsel, and W. F. O'Connor, associated with him, and also Inspector Walter Duncan, who probed Montreal customs conditions for the late government, gave the examination. There only remains to be produced the log book of the Margaret which, through a misunderstanding on the part of Mr. Calder, is in Ottawa. An interim report will thereafter be made by Sir Francis.

"After having examined all documents and after Mr. Duncan, Mr. O'Connor and myself have taken note of all relevant evidence and the crew of the Margaret have been examined, I wish to declare publicly and categorically that no election occurred aboard the Margaret which would be reproached against the persons named, whether Mr. Laporte, Mr. Bureau, or any of their companions." This was Mr. Calder's summing up. Mr. O'Connor and Inspector Duncan added their substantiation.

Mr. Calder announced that the inquiry as to the general movements of the Margaret was not yet completed. The commission therefore would be asked at present to confine itself absolutely to transcribing the incident which commenced with the "unfortunate words" of Mr. Doucet.

Postpone Conference On Child Welfare

Ottawa—The sixth annual Canadian conference on child welfare, which was scheduled for Vancouver, B.C., September 13, 14, 15 and 16, has been postponed on decision of the executive members and the British Columbia committee on arrangements.

It was not desired to hold the conference during the week of the federal elections, and efforts to convene the conference the following week had to be abandoned when it was found impossible to transfer some of the most important speakers, including Sir Henry Gavin, of London, England, to a later date.

The conference has therefore been indefinitely postponed, but the council secretary, Miss Chas. E. Whitton, of Ottawa, will leave for the west early in October to arrange for the holding of the sessions on a later date. The annual meeting of the child welfare council will be held in Ottawa during October.

Meighen Denounces Liberals

Says Mr. King Trying to Hide the Water of Wickedness

North Bay, Ont.—Standing at the "portal of the great north"—as he himself put it—Premier Meighen declared his readiness to co-operate with the Ontario Government in a practical plan to "get something done" in the development of Northern Ontario water power.

Mr. Meighen had a trenchant phrase for the accomplishments of the King administration. Liberals were waving flags and shouting hallooahs "over redacting taxes" while the sales tax was two-thirds higher than when they took office. They want to get your blessing," he said, "for raising taxes on the masses of the people and reducing them on the rich."

"He described Mr. Mackenzie King as struggling desperately for some issue other than the customs report. 'There's no effort he won't make,' Mr. Meighen exclaimed, "to hide the water of wickedness."

To Use No Force

Mexico City.—The Archbishop of the Roman Catholic Church will never approve of armed uprising, but the church will "go to Calvary" if necessary, in the present religious struggle in Mexico, Mr. Pascual Diaz, bishop of Tabasco and secretary of the National Episcopal Conference, told the Associated Press.

Would Deport Miss Gibson

Rome—Alicia who has been examined by the Hon. Violet Gibson, who attempted to assassinate Premier Mussolini of Italy several months ago, has recommended that she be placed in an asylum. They may seek that she be handed over to the British authorities for deportation.

W. N. U. 1641

Russia Has Keen Competition

WIN Have Some Trouble Exporting Grain This Year

Moscow.—Despite the prospect of an excellent harvest, says S. G. Brons, managing director of Russia's biggest state grain export corporation, the country will experience great difficulty in exporting grain this year because of the rivalry with the United States which, he adds, is already exporting its surplus.

Besides this, he continued, Rumania and Bulgaria had very good crops, a large part of which would be exported. Moreover, Poland, owing to lack of foreign currency, would be compelled to export rye in large quantities at low prices, thus competing with Russia.

Importing countries like Italy and France, he explained, would be obliged because of their financial positions to restrict their purchases sharply.

Another Gold Find In Ontario

Among Most Important In Recent Years Is Report

Toronto.—A spectacular discovery in the vicinity of Narrows Lake, some 30 to 35 miles northeast of Red Lake, in the district of Patricia, is reported by Jack Lindsay, who has just come out from that district showing samples of free gold, and which are stated to render the find among the most important discoveries made in recent years.

Mr. Lindsay is at present in Toronto.

The discovery was staked by Tom Bathurst, Ottawa.

The news of the discovery has been followed by a rush of men from Hudson and Red Lake during the last few days.

Honored At Welsh Ceremony

Duke and Duchess of York Members Of Gorsedd Order of Bards

Swansea.—A throng of 15,000 witnessed a notable ceremonial at the Welsh National Eisteddfod, in which the Duke and Duchess of York were initiated into the Gorsedd Order of Bards. The Duke, in his graceful manner, expressed gratitude for the privilege.

The Duke and Duchess, wearing green silk robes, entered at a trumpet blast. After being welcomed, they were invested with the flowing head-dresses of the order.

The Duchess also spoke briefly in English, and then added the Welsh equivalent for "Thank you very much."

Thinks India Should Have Gold Standard

But Royal Commission Would Not Put Gold In Circulation

London.—The royal commission appointed last year to examine Indian currency and exchange has issued a report advocating a true gold standard by linking the existing currency with gold in a conspicuously visible manner, but without putting gold into circulation. It is claimed by the commission that its proposals open the door for the introduction of gold currency some time in the future, but it foresees that when the time comes India may no longer wish for a gold currency.

To Contest North York

Newmarket, Ont.—Harry Sifton, of Toronto, son of Sir Clifford Sifton, was chosen by North York Liberals to contest the riding at the coming federal elections. Col. A. E. Kirkpatrick and Captain Aubrey Davis were also nominated, but withdrew. North York is the constituency in which former Premier W. L. Mackenzie King was defeated by Col. T. Herbert Lennox in the 1925 general election.

Delegates Pass Through Canada

London.—British delegates to the meeting of the Empire Parliamentary Association in Australia sailed on the Empress of Scotland on August 7, and therefore passed through Canada. For the first time since the gatherings have been instituted four delegates of the Irish Free State are included.

First Carload Of Wheat

Winnipeg.—The first carload of wheat from the 1926 crop was loaded by the Canadian Pacific Railway Company at Rosefield, Manitoba. The wheat is a typical Manitoba hard class product and will be moved to Winnipeg for the Ogilvie Milling Company.

Given Ovation In Rome

Rome.—General Umberto Nobile, captain of the Amundsen-Elsworth dirigible Norge on her flight over the North Pole, arrived in Rome from Naples, receiving a great ovation by the populace and warm praise by Premier Mussolini.

King Speaks At Prince Albert

Addresses Large Gathering Of Electors In His Own Constituency

Prince Albert.—Before an audience of 2,000 citizens of Prince Albert and district, Rt. Hon. W. L. Mackenzie King, Liberal chairman of Canada, and representative in parliament of this constituency, in an address here raised his audience to a high pitch of enthusiasm by stating that the story broadcast by A. J. Doucet, Conservative member for Kent County, that Hon. Laporte and other members of the King Government had been on a "joy ride" in the steamer Margaret, had been proven to be without trace of truth. "The Conservative lawyers of Arthur Meighen have been compelled to publicly state that this story, told by Mr. Doucet in the presence of his leader, has not a shred of truth in it," said Mr. King. Mr. Meighen was asked by Mr. Laporte to deny it so Mr. Laporte gave his word of honor there was no truth in it. You would have thought any man who had a sense of decency would accept the word of a member of parliament. Did Mr. Meighen do so? He did not. He is not capable of accepting the word of honor of a gentleman.

TWO RAILWAYS ARE ACQUIRED BY ALBERTA GOV'T

Edmonton.—Full ownership in the Edmonton, Drumheller and B.C. and the Central Canada Railways now rests with the Alberta Government, which will proceed to deal with other interests for their future operation or as a public enterprise. The ownership rights have been secured in consideration of \$1,275,000, which has been paid over to the Royal Bank in final settlement of its claim of \$2,400,000 and accrued interest. Complete control of both railway lines thus passes to the province.

A further step in clearing up the Northern Railway situation has been taken, it is announced by the government, by giving notice to the Canadian Pacific Railway of the government's intention to terminate the existing agreement under which the C.P.R. is operating the freight and passenger services on both lines. This has been done in a letter from Premier Brownlee to President E. W. Beatty, which was the subject of discussion between the Premier and D. C. Coleman, vice-president of the C.P.R., a few days ago.

Premier Brownlee also has declined the last offer of the C.P.R., which proposed a renewal of the agreement on somewhat different terms. No new offer has yet been received, and it is not known as the government offers whether or not another will come from the C.P.R.

All-England Team Say Good-bye

The seven weeks' tour of the English football team, who played 20 games across Canada and back, was brought to a successful conclusion when they boarded the Canadian Pacific liner Montserrat bound for their homelands.

The players all expressed their thanks for the hearty reception accorded them wherever they went and have left Canada greatly impressed, not only by the people, but by the country itself for its scenic beauty. Banff and Lake Louise were two of the most beautiful spots in Canada, they declared, while Vancouver was just like home to them.

Joe Smith, captain of the Bolton Wanderers and also of the English team said: "The object of the tour has been fully accomplished. It has proved that there is a big public for soccer in Canada and a fine career is ahead of the game in this country." Association football in the Dominion of Canada within the next few years bids fair to become a rival to the brand of football played by the major leagues in Great Britain, he added.

The total goals scored by the English team was 105 with only 18 registered against them, not including the exhibition games played at Ottawa and Windsor, where they scored 13 goals, making a grand total of 118 goals for the twenty games.

SITUATION IN MEXICO WATCHED WITH INTEREST

Mexico City.—The movements among Roman Catholics to exert the pressure of an economic boycott against the attitude of the Mexican Government in enforcement of the new religious restrictions is being watched with keen interest in Mexico.

Business circles are plainly worried over the consequence of an economic boycott or even a slowing down in purchases by the public under the plans of the League for the Defense of Religious Liberty. Although there have been no serious outward evidences of an economic boycott in Mexico City, reports from elsewhere in the republic state that the volume of business has been tangibly reduced in some places.

Meanwhile both the government, with its supporters in its present stand in religious laws, and the Roman Catholic hierarchy, as well as Catholic leaders, are both standing firm in their respective positions. The government's adherents maintain that President Calles is only enforcing the laws of the country, while the Catholic authorities have openly announced they intend to "disobey."

Source Of Poison Alcohol

Death Dealing Deception Shipped From New York Warehouse

Buffalo, N.Y.—Federal agents located a warehouse on the west side, in New York city, from which was shipped the poisonous alcohol which caused the death of nearly 50 persons in Western New York and Ontario. This information was contained in a telegram received from Frank J. Hale, federal supervisor of alcohol control, from William E. Dunn, Jr., and Joseph Spoko, members of his squad.

Chief Hale was informed that one man, a German citizen, had been arrested as an alleged member of the ring of distributors of poison liquor, which shipped 4,000 gallons to this city. The alcohol is believed to have been imported from Germany. The deaths resulted when the ordinary methods of rectifying denatured alcohol failed to succeed with the German alcohol.

League Opens Deliberations

Geneva.—The committee of experts, appointed by the League of Nations Council to study the question of the education of young people in the aims and ideals of the League of Nations, has opened its deliberations.

Quebec Candidates

Quebec.—Candidates in the federal election field at the present time in the province of Quebec are as follows: Liberals, 8; Conservatives, 8; Independents, 1.

Overseas League Gives Dinner To Willingdon

Canada's New Governor-General Assured of Hearty Welcome

London.—Viscount Willingdon, who will succeed Lord Blyth as Governor-General of Canada in the fall, and Lady Willingdon, were guests of honor at a dinner given by the Overseas League at the Hotel Cecil. The dinner was attended by 250 delegates, chiefly women of Canadian universities now visiting England.

The chairman, Sir Campbell Stuart, Canadian-born director of The Times Publishing Company, assured Lord Willingdon his Canadian days would never be dull and that he would return to England at the end of his term. All his predecessors, a host of Canadian women present, they were fortunate in their governor-general's wife. The women of Canada, he said, offered Lord and Lady Willingdon a true Canadian welcome to their Canadian home.

Viscount Willingdon thanked the Canadian visitors for their kindly greetings and said he hoped they would return to Canada firmly convinced that the Mother Country was very much alive and a worthy mother of her great daughters going to be great nations.

Urges Closer Empire Unity

Premier of Australia Opposes International Independence of Dominions

Melbourne, Australia.—Speaking during the debate on the imperial conference agenda in the House of Representatives, Premier Stanley Bruce urged the need of greater imperial co-operation and sympathetic understanding of the aspirations of young nations.

He declared the adoption of international independence by the dominions would mean disintegration of the empire, and added: "Australia will have no part in that."

Australia must aim, the premier said, at the closer linking up of the self-governing portions of the empire with as full a recognition of the independent status of each as is compatible with recognition of universal British nationality.

KING DENOUNCES THE CAMPAIGN OF WHISPERING

Regina.—Denouncing what he termed the whispering campaign of slander against men in public life, and charging that if it was the best platform Mr. Meighen had to offer, the people of the Dominion should not elect him.

Conservative, Rt. Hon. Mackenzie King, Liberal leader, opened his Saskatchewan campaign in Regina when he addressed almost 4,000 persons in the Stadium.

Mr. King declared he was prepared to move on any platform any man who, in the open, would make charges against any member of the administration, and said that the personal element implied by Conservatives was not a matter for parliamentary discussion, but did reference to customs matters and did not reflect against the government.

Referring to the advice given the Governor-General by Mr. Meighen, he termed it an act that Mussolini would not attempt, and violations of constitution that could not be found in 500 years of British history. He said the administration had been smuggled into office by a bunch of political smugglers and the prime minister through the door of Government House.

Mr. King urged that the people of the Dominion be not indifferent to such action, saying Mr. Meighen had put it over the two Houses of Parliament and the Governor-General and was now trying to put it over the people.

The Robb budget was reviewed at considerable length, Mr. King saying "You have not to be told of the return of prosperity," and commented on the favorable trade balance of the Dominion. Canada the policy of wider world markets for agriculture as had been secured for manufactured products.

A sharp attack on Mr. Meighen's attitude toward the Canadian National Railway culminated when he charged that it was evident the railway was being used as a political pawn to secure support in the Maritime Provinces, and that he proposed to dictate the policy of the system on branch lines.

Returning to the constitution's question, Mr. King defended his advice to the Governor-General, and closed with an appeal for the preservation of the constitution.

TAKE MEASURES TO PUT A STOP TO SMUGGLING

Ottawa.—Action towards putting into effect the recommendations of the customs probe towards the re-organization of the department of customs is being continued. While no announcement of the contemplated changes is yet forthcoming, it is probable that a statement in the matter will be available within the next few days.

"Mounties" are now located, it is pointed out, at vulnerable points along the Canadian border. The placing of these men on a statement was the first of putting into effect the recommendations of the customs committee. These men are under instructions to co-operate with all customs officials for the purpose of suppressing smuggling. Reduction of the number of ports of entry, it is rumored, may shortly be brought about. This was one of the many phases of the investigation with which the committee dealt in its report.

For Assisting Immigrants

Convention of Union of Municipalities Passes Resolutions

London, Ont.—Resolutions asking the Federal Government to consider the necessity for assisting in caring for immigrants during the first five years in Canada, requesting a change in the naturalization laws to make the granting of citizenship papers more imperative than it is now, urging the Federal and Provincial governments to take definite action to assist in the transportation of coal from Alberta and Nova Scotia to the other provinces and calling attention of the Federal Government to the necessity for taking steps to assume some responsibility where settlers on government land and out-of-way places leave their farms, were passed at the convention of the Union of Canadian Municipalities here. The delegates left for Port Stanley where they were banqueted by the city.

Defer Re-organization Of Alberta Cabinet

Question Left Over Until Premier Returns From Holidays

Edmonton.—Hon. Alex. Ross, whose future connection with the Alberta Government has not yet been determined, has been asked by Premier Brownlee to defer a final consideration of his position until the latter returns from his holidays.

The whole question of cabinet re-organization is being left over for the time being, as the premier said before leaving for the Pacific coast that he wished to take his vacation before finally dealing with it. Some re-arrangements in one or two of the portfolios are understood to be likely but without any further additions to the personnel of the cabinet, unless it is found necessary to substitute for Mr. Ross.

British House Adjourns

London.—Parliament has adjourned until November 8, but the continuance of the coal strike compels an earlier meeting. In that case the members will meet August 30 for a renewal of the emergency regulations, and, if necessary, they will sit again on September 27 for a further renewal.

Given "Class War" Medal

London.—Men and women sent to prison for offences committed in defiance of emergency regulations imposed during the British general strike in May will be presented with a "class war" medal which has been struck for them by the International Class War Prisoners' Aid.

Canada Flooded With Red Literature

London, Ont.—Someone in Toronto favorable to the Soviet is sending out "Red" literature to all parts of the Dominion, Mayor Ralph Webb, of Winnipeg, stated here at a banquet tendered some 140 visiting delegates to the Union of Canadian Municipalities.

Ball Is Refused

Toronto.—With bonds as high as \$50,000 offered as a bribe for issue of the sixteen under arrest in Ontario in connection with the deaths of alcoholic poisoning, the attorney-general's department is adamant in its refusal to allow bail to any of those concerned.

Secession League

Perth, Australia.—A Secession League has been formed here to assist the movement for the secession of Western Australia from the Commonwealth.

Items of Local and General Interest

Now is the time to preserve pears, peaches and prunes.

The stories of talkative barbers are often illustrated with original cuts.

Mr. Spedding, inspector of taxation, was up from Lethbridge on Friday last.

Most of the Elks felt like "Exhausted Roosters," after the three days' work at the carnival.

Louis Malara left by Monday night's train for New York, enroute to his old home in Italy.

Messrs. F. M. Thompson, H. and R. Pinkney, W. Goddard and R. McLeod took in the Staveley-Fernie baseball game at Fernie yesterday.

General satisfaction is expressed with the very excellent brand of dance music supplied by the Beebe orchestra at the carnival.

Trustee Turner at Calgary objects to employing teachers with U.S. training, believing that Alberta graduates should have first consideration.

Miss Flora Warner has returned to Rainier, where she has been offered an increase in salary. Her school re-opens on the 16th. Miss Warner spent several weeks of her vacation at her home here.

The Blairmore members of the West Canadian Collieries' band are requested to be at the corner of the Alberta hotel on Sunday morning at 7 o'clock, to go to Waterton Lakes, where they are engaged to play for a concert to be held there.

The West Canadian Collieries' band has been engaged to play at the miners' picnic to be held in Blairmore on Wednesday next, August 18th, and also at the annual flower show to be held at Bellevue on Labor Day, Monday, September 6th. Geo. W. Goodwin, conductor.

Mr. and Mrs. J. Giola, of Champion, have assumed charge of the Bellevue Inn, Bellevue's popular hostelry, and are already giving the institution the once-over with a view to catering satisfactorily to the patronizing public. Mr. and Mrs. Giola came to Alberta from the land of the Bluesonnes.

Get in on the Enterprise-Family Herald special election contest. Read the announcement elsewhere in this issue. We are busy these days entering new names on our subscription list. Remember, for \$2.50 you can get The Enterprise and The Family Herald and Weekly Star, Canada's best home journals, for a whole year.

Staveley and Fernie divided a double header yesterday in a play-off at Fernie for possession of the Brewery Trophy, now held by Fernie baseball team. Fernie won the afternoon encounter 12 to 5, while Staveley edged up in the best two out of three game series by taking the evening game 8 to 3. The deciding game will be played today.

O. O. Davis is this trip accompanied by Mrs. Davis; her sister, Mrs. E. F. Thompson, and lady friend, Mrs. R. L. McMillan, of High River. The party spent the greater part of Tuesday around Pincher Creek and on Wednesday visited Crows' Nest Lake, staying at the Cosmopolitan returning. They leave today for Waterton Lakes, to spend the week end.

Dr. J. S. Hynes, who has been assisting Dr. Olivier here for close on three years, left on Monday for Claraholm, where he will take up medical and surgical practice. Dr. Hynes is a graduate of McGill, has had a post-graduate course in surgery and recently returned from an extended visit to Mayo's clinic, Rochester, Cleveland, Chicago, Montreal and other points.

Mr. and Mrs. J. B. Wilson are enjoying their annual vacation at the B.C. coast.

Miss Vina McKenzie has tendered her resignation as member of the Blairmore teaching staff.

Mrs. Lonsbury, who was accidentally shot a couple of weeks ago, is making very rapid progress towards recovery at the local hospital.

Rev. H. Laurence Nobbs left Coleman last week for Drumheller, where he will take temporary charge of the Anglican church for a few months.

The Coleman school board have appointed Misses Parks, of Ontario, and Forster, of Coleman, to take the place of Misses Walker and Stewart, who are leaving.

An auto-willie passing another in Lumbumb County the other day crippled an entire family and refused to stop to render aid. The fast car was driven by a woman.

The school secretary here has received word from Mrs. Stebbings that she is not in a position to accept the primary teaching here. Mrs. Kettley is now called upon as second choice.

An Edmonton lawyer charges that the seals used by the District Court of Edmonton do not comply with the requirements of the District Courts Act.

An early fall is predicted by the old-timers of this district. Already the trees and shrubbery in many sections of the foothills have been so hard hit by frost that leaves are falling and falling.

Miss Hall, for the past year teacher at Blairmore, passed through town on Saturday last, motoring toward the coast. Enroute, Miss Hall signified her intention of resigning here to take a school in British Columbia.

Wild bird game promises to be very plentiful this fall. Unusually large broods of young are seen with ducks, Hungarian partridge, grouse and chicken. A short while ago, we discovered the nest of a blue grouse with ten eggs.

A scientific writer says: "An aeroplane travelling at the rate of two hundred miles an hour, flying night and day, would reach the sun in fifty-two years." If you haven't already planned your vacation trip, here is one worth considering.

Superintendent W. C. Bryan, of the Alberta Provincial Police, Edmonton, accompanied by Mrs. Bryan and children and grandson, were in town on Sunday, registering at the Greenhill. They returned east by motor on Monday.

Rev. Mr. Young returns this week end, having motored to Edmonton, accompanied by John Rae and Jollet Houbrigs, two young tennis stars who entered the provincial championship contests. Both were somewhat successful, but were nosed out in the finals.

One would naturally judge that the results of the high school examinations, as far as the Blairmore school was concerned, were not fit for publication. If the results were favorable, even the parents should be delighted to have some mention made of them for the public's benefit.

They had been having a little quarrel and she turned to him with tears in her eyes. "Well, Alf, even though I have been extravagant, I got a bargain today." "Got a bargain, indeed! You have no idea of the value of money. I suppose you got something for nothing." "That's just what I did get. I bought a birthday present for you."

Now is the time to preserve pears, peaches and prunes.

J. S. D'Appolonia has been awarded the contract for building the swimming pool at Coleman.

Registrations at Waterton Lakes so far this season have reached a total of over 14,000, as against around 10,000 for the same period last year.

Miss Kahout, of Coleman, arrived in town on Monday morning and is fulfilling the duties as sales lady at J. Brand's store—Staveley Advertiser.

A young lad called into our office the other day with copy for an ad. headed "Rooms To Let." He wore balloon trousers, so meant what he was advertising.

Bob Gray says a Coleman man was charged recently with beating his mother-in-law with his wooden leg, turning even his disabilities to advantage.

Dr. Macintosh, Mr. and Mrs. C. Church, Mr. and Mrs. Dan Spile, and about four hundred other residents of Pincher Creek were in town on Thursday last for the big circus and carnival.

Mr. and Mrs. W. H. Hilton and Mr. Alf. Tristram, of Edmonton, were visitors to Bellevue and district last week, taking in the circus and carnival at Blairmore. They are touring in a large Dodge service truck and carry a complete camping outfit.

Two Blairmore ladies were overheard talking near the circus on Thursday evening last, and one of them remarked that a mutual friend was showing her age terribly. "Why, I hadn't noticed it," replied the other in surprise. "What makes you think so?" "Her knees are getting so red," was the answer.

Effective on and after August 15th, proprietors of all places in Vancouver licensed to sell beer will ban women from their premises. This action was decided on at a meeting of the B.C. Hotelmen's Association. Mrs. Kinney and her tribe have not yet succeeded in keeping these "undesirables" out of Alberta beer shops.

Now is the time to preserve pears, peaches and prunes.

Eat BREAD.

Breakfast Dinner Supper

Plain Toasted Sandwiches Puddings

Any time! Any way! BREAD is your Best Food—Eat more of it.

You can eat slice after slice of it when it's really good bread with the tempting quality that comes from all-pure ingredients.

That means—

MOTHER'S BREAD

The all pure loaf.
